Men of Science/ Men of God:
Great Scientists Who Believed in the Bible
By Henry M. Morris, 1982

"It is completely wrong for people to assume - as they often do - that a true scientist cannot simultaneously be a true man of God, believing in God as Creator and Savior and believing the Bible as God's revelation. As a matter of fact, many scientists of the past and present have been and are Bible-believing Christians."

Morris, pg. xii

Morris, pg. vii

And it came to pass at noon, that

Elijah mocked them, and said, Cry aloud; for he is a god: either his is creation of the world are clearly seen, being talking, or he is pursuing, or he is understood by the things that are made, in a journey, or peradventure he even his eternal power and Godhead sleepeth, and must be awaked.

Romans 1:20

I Kings 18:27

Isaac Newton (1642-1727)

- English physicist
- Mathematician
- Astronomer

Isaac Newton's attitude
toward God's Word:

“I have a fundamental
belief in the Bible as
the Word of God,
written by those who
were inspired. I study
the Bible daily.”

This most beautiful system of the sun,
planets, and comets, could only proceed
from God, and the self and dominion of an
intelligent Being. This Being governs
all things, not as the soul in the world,
but [as if] might itself, and on account of
his Dominion he is not to be called
“Lord God” their voice “Universal Ruler” ...
The Supreme ^{Psalm 18:1-3} Being eternal,
infinite, absolutely perfect.”

“Gravity explains the motions of the planets, but it cannot explain who set the planets in motion. God governs all things and knows all that is or can be done.”

For there are three that bear record [in heaven, the Father, the Word, and the Holy Ghost: and these three agree in one. And there are three that bear witness in earth,] the spirit, and the water, and the blood: and these three agree in one.

Published "An Historical Account of Two Notable Corruptions of Scripture" — reviewed all of the textual evidence available from ancient sources on two disputed Bible passages, I John 5:7-8, and I Timothy 3:16

I John 5:7-8

And without controversy great is the mystery of godliness: God [“God” should be “which”] was manifest in the flesh, justified in the Spirit, seen of angels, preached unto the Gentiles, believed on in the world, received up into glory.

I Timothy 3:16

Isaac Newton (1642-1727)

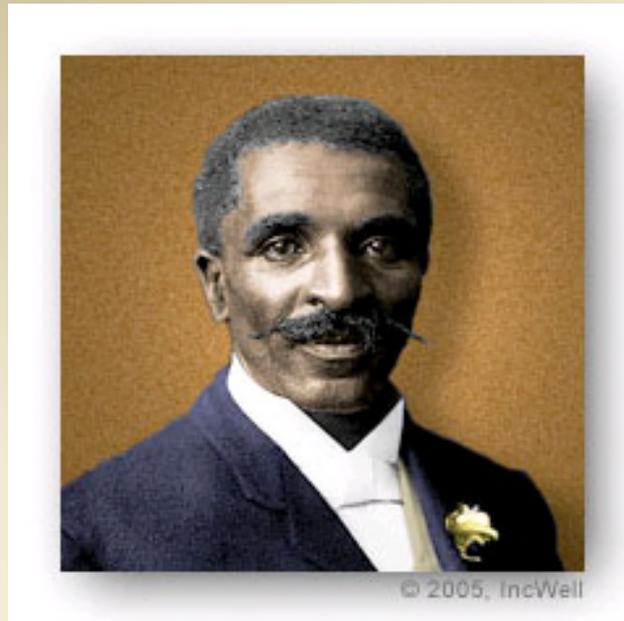

- English physicist
- Mathematician
- Astronomer

Bible Believer

George Washington Carver (1864-1943)

- Chemist
- Botanist
- Soil Scientist
- Food Scientist
- Geneticist
- Teacher
- Inventor

- Businessman
- Artist
- Medical Worker
- Humanitarian
- Reformer
- American

Short Bio of George Washington Carver

- Born as a slave in 1864
- There, he fell in love with Fanny
- He began his formal education at
- At the age of 14, he was sent to
- Later transferred to Simpson College where he earned a Bachelor's degree in

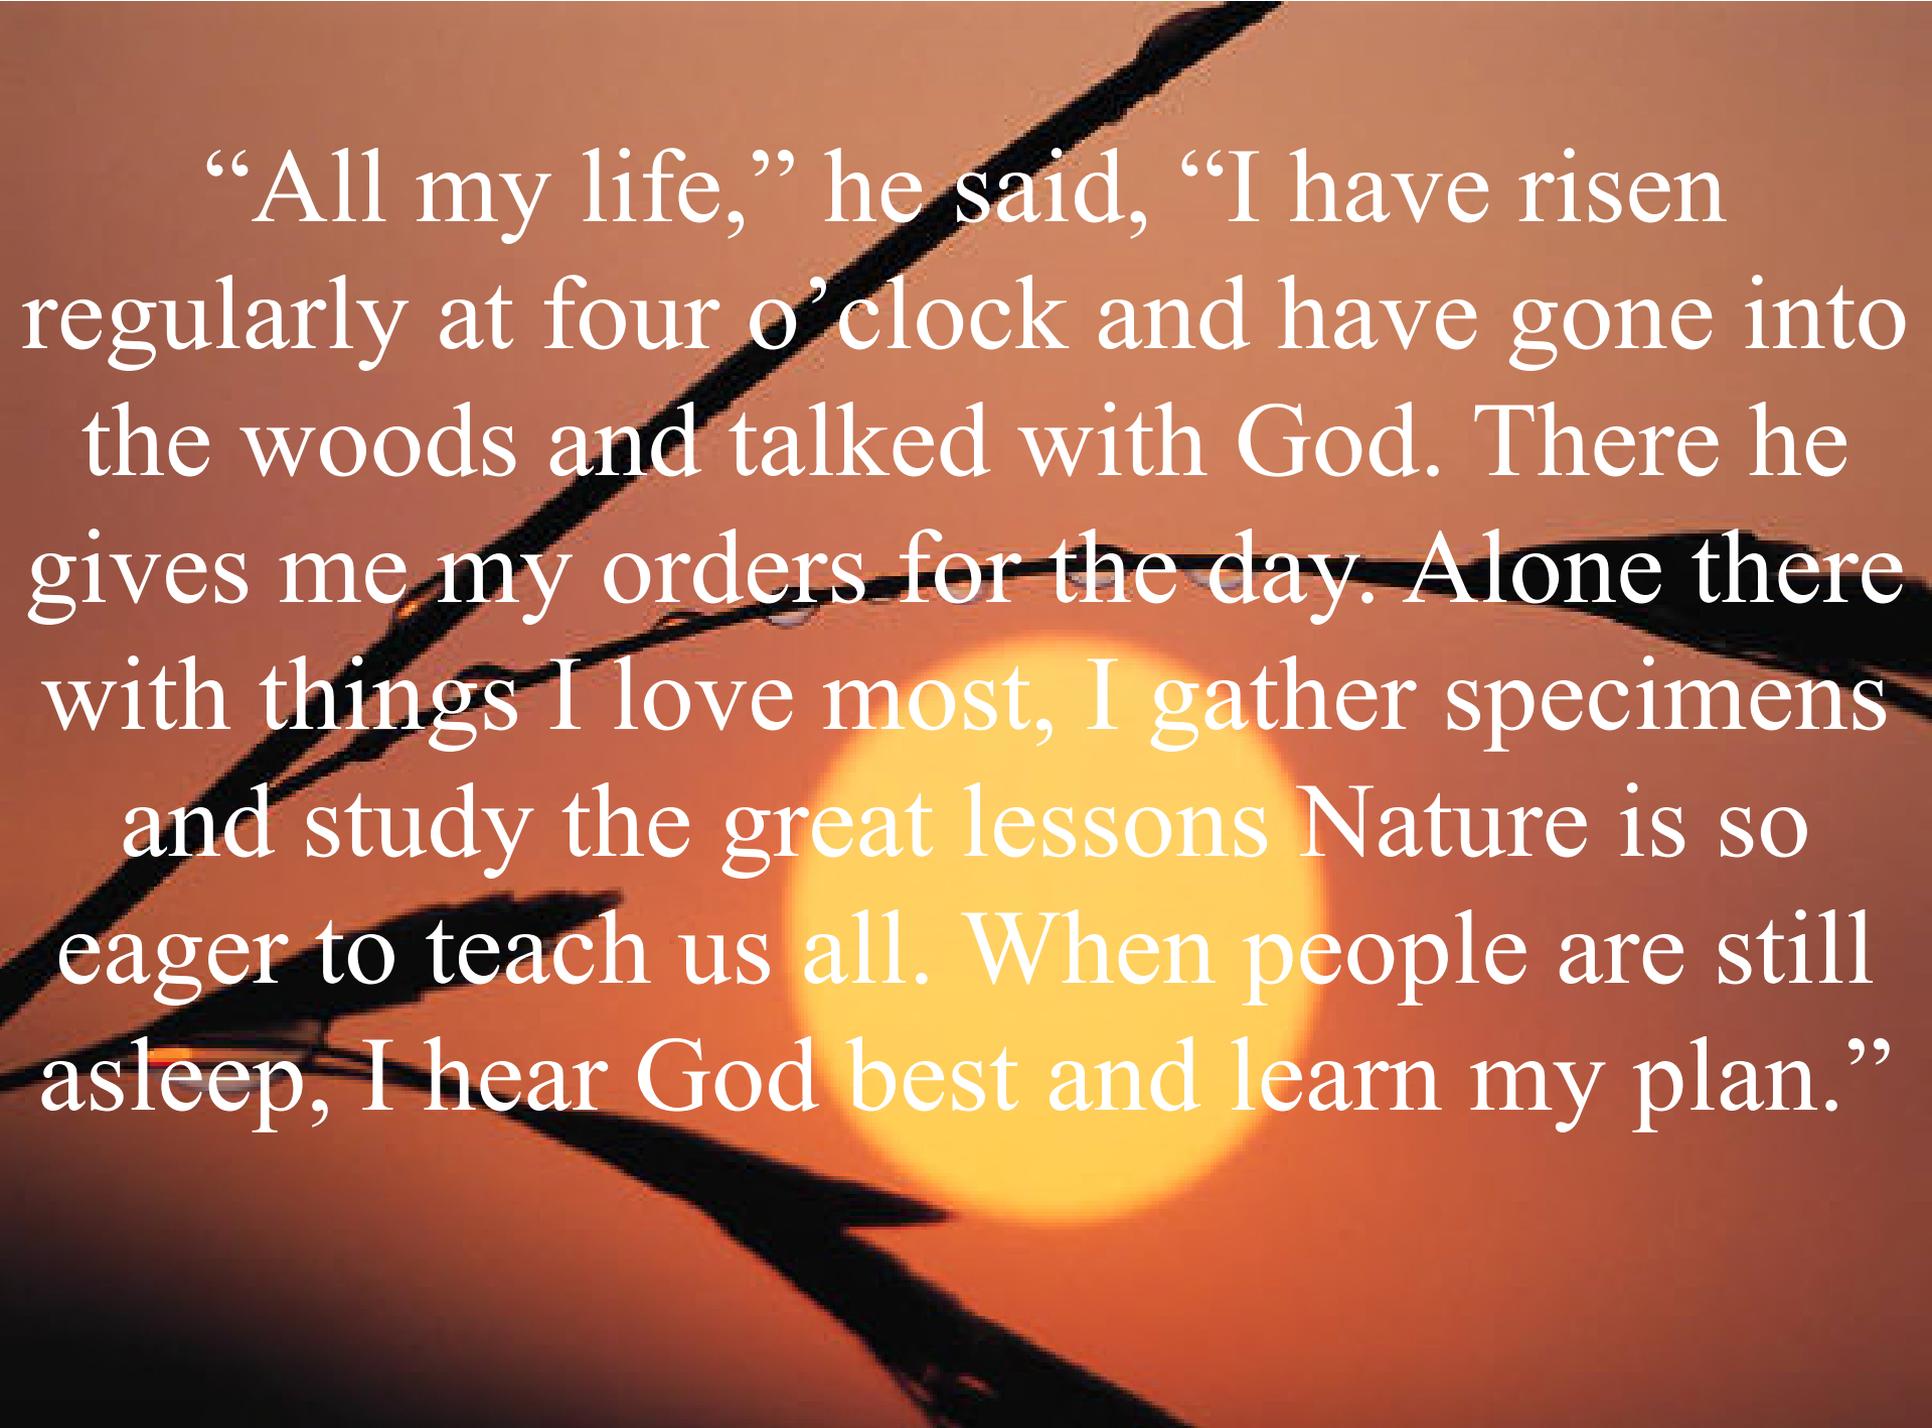

son of Moses Carver
plants, and earned
to leave the home
mpson College in
iversity) where he
ce degree in

- In 1896, he was appointed head of the Agricultural Department at Iowa State University.

ool's
3.

“All my life,” he said, “I have risen regularly at four o’clock and have gone into the woods and talked with God. There he gives me my orders for the day. Alone there with things I love most, I gather specimens and study the great lessons Nature is so eager to teach us all. When people are still asleep, I hear God best and learn my plan.”

“Ask for something
He replied that my mind was
“Little more in keeping
too small to know all about the
peanut, but He said He would
give me a handful of peanuts.
replied.”

Then I told the
I asked the Creator
creator I wanted to
“What was the universe for?
know all about the
was made for.
peanut.”

Which such
knowledge as I
had of
chemistry and
physics I set to
work to take
them apart.

I separated the
water, the fats,
the oils, the
gums, the resins,
sugars starches,
pectoses,
pentosans, amino
acids.

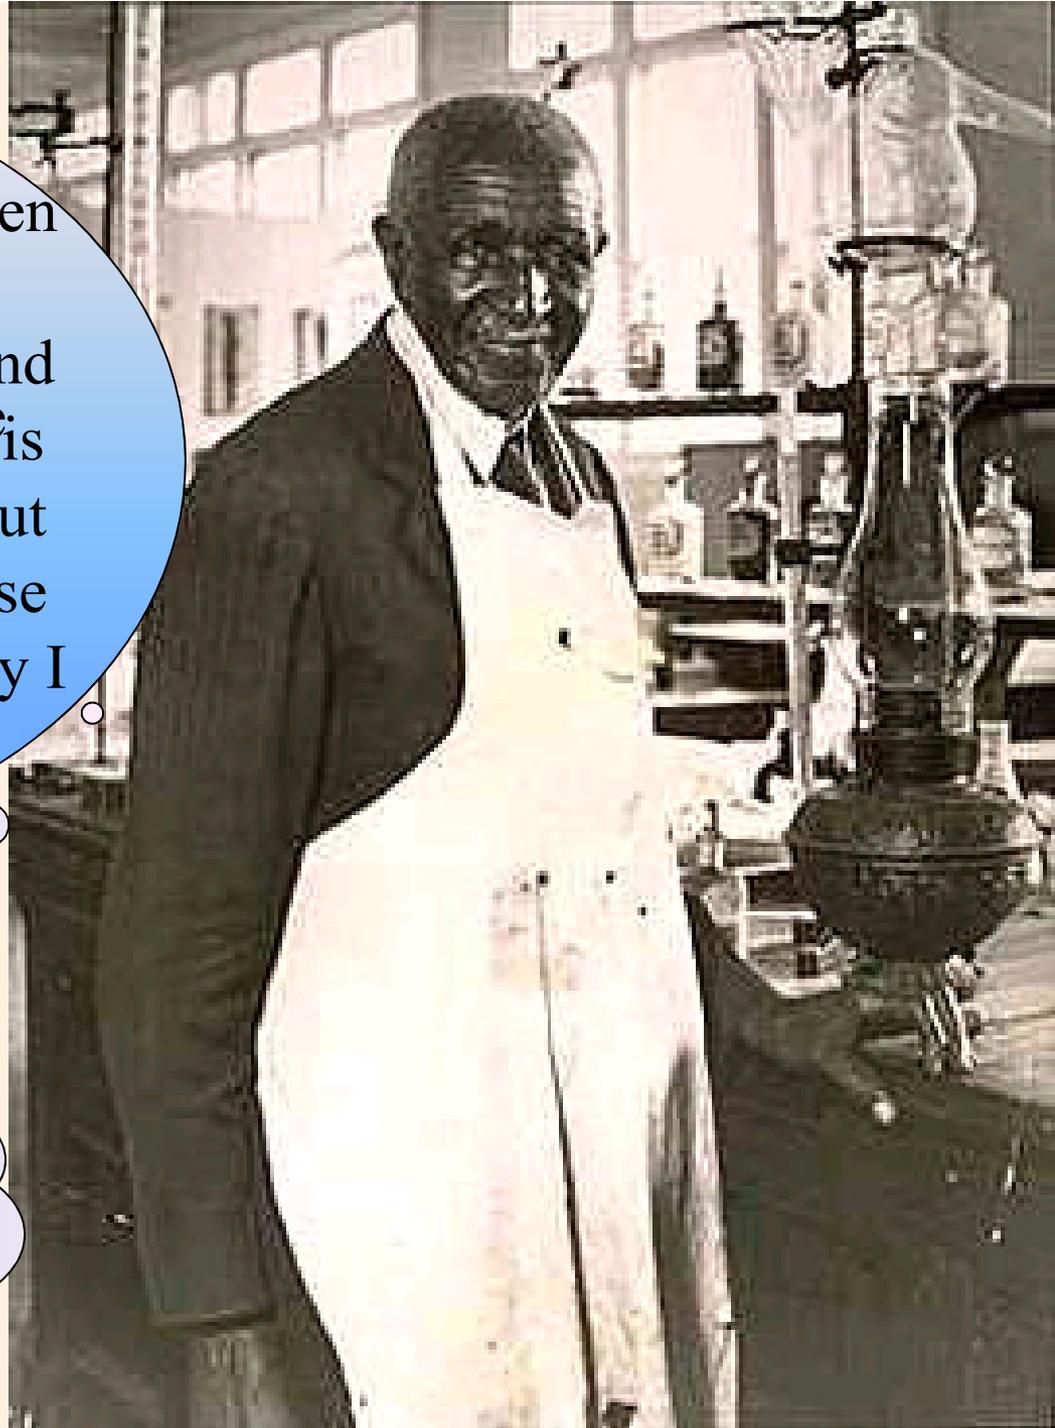

There! I had the parts of the peanuts all spread out before me.

The Creator said, "I have given you three laws; namely, compatibility, temperature, and pressure. Now, you know what the peanut is." "All you have to do is take these constituents and put them together, observing these laws, and I will show you why I made the peanut."

look

"Why did you make the peanut?"

I therefore went on to try different combinations of the parts under different conditions of temperature and pressure, and the result was what you see.

George Washington Carver developed
over 300 products from the peanut
including

- Diesel fuel
- Shampoo
- Metal polish
- Leather dyes
- Paper
- Instant coffee
- Laxatives
- Toilet soap
- Salad oil
- Wood stains
- Plastics
- Paint
- Linoleum
- Soil conditioner
- Worcestershire sauce
- Therapy punch
- Glue
- Goiter treatment
- Axle grease
- Mayonnaise
- Ink
- Pancake flour
- Shaving cream
- Quinine
- Cooking oil
- Wall board
- Charcoal
- Rubbing oil
- Insecticide
- Oleomargarine
- Fuel bricks
- Rubber
- Gasoline
- Evaporated milk
- Nitroglycerine

As I worked on projects which fulfilled a real human need, forces were working through me which amazed me. I would often go to sleep with an apparently insoluble problem. When I awoke the answer was there. Why, then, should we who believe in Christ be so surprised of what God can do with a willing man and a laboratory.

The Farmers' Institute

(Minutes from a meeting on May 27, 1904)

Opened with singing, “Father, I Stretch My Hand to Thee.” There followed a Scripture lesson, prayer, and other song, “Alas! And Did My Savior Bleed.”

Then came a little talk on “How and why we grow cowpeas.”...

The Jesup Wagon

Winner of the Roosevelt medal in 1939 for
Outstanding Contribution to Southern
Agriculture with the following citation:

**“To a scientist humbly
seeking the guidance
of God, and a liberator
to men of the white
race, as well as the
black.”**
